Who May Request an Appeal?

You, your prescriber, or someone you name to act for you (your representative) may request an appeal. If someone requests an appeal for you, he or she must send proof of his or her right to represent you with the request form. Proof could be a power of attorney, a court order, or an Appointment of Representation form. If the person appealing is your prescriber or is authorized under state law to act for you, an Appointment of Representation is not needed.

You can call us at: 833-803-4397 to learn how to name your representative. If you have a hearing or speech impairment, please call us at TTY 711.

IMPORTANT INFORMATION ABOUT YOUR APPEAL RIGHTS

For more information about your appeal rights, call us or see your Evidence of Coverage.

There Are Two Kinds of Appeals You Can Request

Expedited (72 hours)

You can request an expedited (fast) appeal for cases that involve coverage, if you or your doctor believes that your health could be seriously harmed by waiting up to 7 days for a decision. If your request to expedite is granted, the independent reviewer must give you a decision no later than 72 hours after receiving your appeal (the timeframe may be extended in limited circumstances).

- **If the doctor who prescribed the drug(s)** asks for an expedited appeal for you, or supports you in asking for one, and the doctor indicates that waiting for 7 days could seriously harm your health, **the independent reviewer will automatically expedite the appeal.**
- If you ask for an expedited appeal without support from a doctor, the independent reviewer will decide if your health requires an expedited appeal. If you do not get an expedited appeal, your appeal will be decided within 7 days.
- Your appeal will not be expedited if you've already received the drug you are appealing.

Standard (7 days)

You can request a standard appeal for a case involving coverage or payment. The independent reviewer must give you a decision no later than 7 days after receiving your appeal (the timeframe may be extended in limited circumstances).

When the Independent Reviewer Can Extend the Timeframe for Making a Decision

The timeframe may be extended if your case involves an exception request and we have not received the supporting statement from your doctor or other prescriber supporting the request. The timeframe also may be extended when the person acting for you files an appeal request but does not submit proper documentation of representation. In both situations, the independent reviewer may toll (or stop the clock) for up to 14 days to get this information.

How Do I Request an Appeal?

You, your prescriber, or your representative should mail or fax your written appeal request to:

C2C Innovative Solutions, Inc.
P.O. Box 44166
Jacksonville, FL 32231-4166
Toll Free Fax: (833) 710-0580

What Do I Include with My Appeal?

You should include your name, address, member ID number, the reasons for appealing, and any evidence you wish to attach. If the appeal is made by someone other than you or your doctor or other prescriber, the person must submit a document appointing him or her to act for you.

If your appeal relates to a decision by us to deny a drug that is not on our list of covered drugs (formulary) or if you are asking for an exception to a prior authorization (PA) or other utilization management (UM) requirement, your prescribing doctor or other prescriber must submit a statement with your appeal request indicating that all the drugs on any tier of our formulary (or the PA/UM requirement) would not be as effective to treat your condition as the requested drug, or would harm your health.

What Happens Next?

If you appeal, the independent reviewer will review your case and give you a decision. If any of the prescription drugs you requested are still denied, you can appeal to an administrative law judge (ALJ) if the value of your appeal is at least $180. If you disagree with the ALJ decision, you will have the right to further appeal. You will be notified of your appeal rights if this happens.

Expedited Decisions

If you or your prescribing physician or other prescriber believe that waiting for a standard decision (which will be provided within 7 days) could seriously harm your life, health, or ability to regain maximum function, you can ask for an expedited (fast) decision. If your prescribing physician or other prescriber indicates that waiting 7 days could seriously harm your life or health or ability to regain maximum function, the independent review organization will automatically give you a decision within 72 hours. This timeframe may be extended for up to 14 calendar days if your case involves an exception request and we have not received the supporting statement from your doctor or other prescriber supporting the request, OR the person acting for you files an appeal request but does not submit proper documentation of representation. If you do not obtain your physician's or other prescriber's support for an expedited appeal, the independent review organization will decide if your health condition requires a fast decision.

☐ Check this box if you believe you need a decision within 72 hours (if you have a supporting statement from your prescribing physician or other prescriber, attach it to this request)

Please attach any additional information you have related to your appeal such as a statement from your prescribing physician or other prescriber and relevant medical records. Please have your prescriber address the Plan's coverage criteria as stated in the Plan's denial letter or in other Plan documents. Input from your prescriber will be needed to explain why you cannot meet the Plan's coverage criteria and/or why the drugs required by the Plan are not medically appropriate for you.
